## AT A GLANCE

- Webhosted Districts Information
- Post-Legislative Session Policy Update Information
- First quarter policy updates

The NDSBA Policy Update is here again! In this edition, NDSBA has reviewed and revised several policies, exhibits, administrative regulations, and board regulations. These updates are part of our ongoing effort to ensure that our template policy documents remain current and compliant with legal requirements. We remain committed to providing our Policy Services members with relevant, insightful, and accessible resources to navigate the ever-changing landscape of policy services. As part of this process, NDSBA will continue updating policy templates across all tiers, introducing new relevant templates, and removing outdated ones to better serve our members. If NDSBA reviews a policy, exhibit, or regulation and makes any substantive revisions (e.g., revisions due to change in the law, change in the content, change in the title, etc.), NDSBA recommends updating your document to reflect those revisions. However, if NDSBA makes only non-substantive revisions (e.g., revisions due to formatting changes, grammatical corrections, spelling corrections, etc.), you are not required to update your document accordingly. You may choose to update any non-substantive revisions at your own discretion.

**PLEASE NOTE:** If you are part of a webhosted district, NDSBA is in the process of manually reformatting your district's policy manual prior to uploading it on the new policy services website. Districts are reformatted on a first-come-first-serve basis, and a district will only be given public access to their manual on the website after both their membership dues and webhosting fee are paid. Once the reformatting is complete and NDSBA has uploaded your district's policy manual to the new policy services website, NDSBA will email your district website liaison(s) (e.g., a business manager or superintendent) with information on how to access the manual. Once your district has access to your manual on the new policy services website, NDSBA will be emailing your district's website liaison with further information on how to update policies via the website. **ALSO NOTE:** if your district is still awaiting access to your manual on the new policy services website, continue to update these policies as normal and email the changes to NDSBA for continual maintenance. NDSBA greatly appreciates your continued patience through this period of change!

**Post-Legislative Session Policy Updates.** While NDSBA typically sends policy updates on a quarterly basis, the next one will be sent out in June. Following the conclusion of the 69th North Dakota legislative session, several policies will need to be updated and created to reflect the changes to North Dakota law. You'll see in the updates below that NDSBA has already begun the process of incorporating new legislation into current policy. Any new legislation that does not include an emergency clause or a specific effective date will become effective on August 1st, 2025. So, be on the lookout for the post-legislative policy updates from NDSBA, as your Board will need to take action on them prior to the effective date.
